Environmental Policy Statement

McNealy Brown Limited is committed to protecting both the local and global environment. McNealy Brown Limited senior management are committed to ensuring that protection of the environment is firmly embedded into both the company's and employees culture and shall endeavour to influence its' suppliers and customers to take the same approach.

To minimize environmental impacts related to our activities, products and services we have implemented an internal Environmental Management System which conforms to ISO14001:2015.

We shall undertake the following:

- Compliance with applicable legal requirements, and other requirements to which the Company subscribes, which relate to its environmental aspects
- Consider all environmental risks and opportunities relating to our documented aspects and impacts
- Prevent pollution, reduce waste and minimise the consumption of resources
- Consider the wider global impact of all our activities including those of our suppliers, customers and other stakeholders
- Educate, train and motivate employees to carry out tasks in an environmentally responsible manner and ensure that a continuous professional development strategy remains core to our business goals
- Encourage environmental protection among suppliers and subcontractors
- Encourage and enhance biodiversity and ecology

The Company is committed to continual improvement of environmental performance. This Policy will be available to all staff and be available to potential customers, suppliers and the public through selected media.
