Environmental Policy Statement

McNealy Brown Limited (McB) is committed to protecting both the local and global environment.

Senior management are committed to ensuring that protection of the environment is firmly embedded into both the company's and employees' culture and shall endeavour to influence its' suppliers and customers to take the same approach.

The Directors and Senior Management Team will show leadership and commitment, and bear the responsibility for establishing, implementing, and maintaining an effective Environmental Management System (EMS). This will enable us to minimize environmental impacts related to our activities, products, and services. The EMS shall conform to ISO14001:2015.

We shall undertake the following:

- Compliance with applicable legal requirements, and other requirements to which the Company subscribes, which relate to its environmental aspects
- Setting and monitoring of environmental targets and objectives to contribute to continuous improvement, taking considerations of interested parties and what risks and opportunities exist, based on our recorded aspects and impacts.
- Prevent pollution, reduce waste, and minimise the consumption of resources by incorporating sustainable practises into our business activities
- Consider the wider global impact of all our activities including those of our suppliers, customers, and other stakeholders
- Educate, train and motivate employees to carry out tasks in an environmentally responsible and sustainable manner and ensure that a continuous professional development strategy remains core to our business goals
- Minimise the environmental, for the life cycle; (including disposal), of plant, equipment, and other physical assets under the control of the organisation
- Encourage environmental protection among suppliers and subcontractors
- Encourage and enhance biodiversity and ecology

The Company is committed to continual improvement of environmental performance. This Policy will be available to all staff and be available to potential customers, suppliers and the public through selected media.
