Procurement Policy

Introduction

McNealy Brown Limited seek to purchase goods and services that encourage positive impacts on the environment and society, whilst meeting our business requirements. By incorporating social, environmental, and ethical considerations into purchasing decisions we endeavour to make a positive contribution.

We carry out due diligence on our supply chain to ensure that they too consider their impacts, recognising those that show a similar commitment to our own.

Policy

McNealy Brown Ltd commit to:

- Comply with all applicable European and UK laws and regulations
- Consider our impact on the environment, ensuring the effective use, re-use and disposal associated with the purchased metals, and related components
- Ensure that our purchased metals, and related components, are ethically sourced, considering justice, fairness, and integrity
- Act in a socially responsible way, recognising how our impacts affect others and implementing controls to reduce that impact, where reasonably practical.
- The support of internationally proclaimed human rights
