Sustainability Policy Statement

McNealy Brown Limited (McB) is committed to creating a sustainable business, in which continuous improvement is built into everything that we do. This policy statement is designed to support our wider Environmental Policy Statement.

We recognise the three main categories that are affected by our environmental activities as being:

SOCIAL: -	Support for community enhancement, health and wellbeing
ENVIRONMENTAL: –	Protection of the local and global environment, current and future
ECONOMIC: -	Long-term economic growth, without increasing negative impacts

We shall undertake the following:

- Integrate sustainability considerations into the Company business decisions, and work processes
- Provide safe, healthy and fair working conditions for our employees
- Consider the communities that may be affected by our operations and provide support for their development and opportunity
- Identify our direct and indirect resource usage, record and publish it, taking practical steps to reduce our emissions
- Consider the wider global impact of our activities, including those of our suppliers, customers, and all other stakeholders
- Educate, train and motivate employees to carry out tasks in an environmentally responsible and sustainable manner
